

## PROFILE

Mark Ruiten (40 years old, married, two children and a proud citizen of Dordrecht)

I followed a number of vocational courses with a focus on metal and completed them with the Middle Technical School.

Over the years I have developed myself from being a welder to being in charge and manage a company. Along the way I worked as a process operator for cutting machines and I did work preparation.

My range of capacities is very wide. Because of that I have compiled this resume with relevant information for this position. You can find my whole work history on my personal website.

## QUOTES

Not being annoying, but surprising.  
Worrying is fantasising the wrong way.  
Sometimes you just have to lick the stamp and send it.

# MARK RUITER

Software engineer

*A valuable addition to your company*

Besides my own ERP system, I built many other systems. They are all completely web based to ensure an optimal user experience and minimum system requirements.

## PROJECTS

### Torza

Torza is an ERP system focussed on the metalworking industry. It contains customer relations, calculations, plate registration including required certificates and invoicing with ISO and EN 1090 incorporated.

### Metaal boutique

I built this unique webshop from scratch. This webshop makes it possible to easily put products together. These products can be ordered and paid directly. At the same time, the supplier receives an order and the required DXF files.

### Other

Please check [www.torza.nl](http://www.torza.nl) for my latest projects and current portfolio.

## CHARACTERISTICS

According to the Myers-Briggs Type Indicator (MBTI), my personality type is a 'defender' (ISFJ-A). I recognise myself in the following characteristics: detailed, conscientious, traditional, loyal, patient (not always...), organised, service-oriented, dedicated, protective, very precise and responsible.

## SKILLS

Microsoft Office, Windows, AutoCAD, Draftsight, Lantek, ProFirst, various ERP systems, PHP, MySQL, jQuery / Java
